## *Adventurous Bride Groom*

Brave intrepid bride and groom who are planning a small fall 2017 wedding and are in need of a free venue, The Hardaway Cottage is waiting for you! The views are spectacular, the history is amazing, and the photo ops are endless!

The couple must have a bit of vision. Renovations will be complete in the early fall. You can use the Hardaway Cottage if we can use your photos and feedback in our wedding promotions.

We would be happy to allow you to tour the property, and we will share detailed information about our renovation and decorating plans.

We will give preference to couples who can demonstrate a tie to the history of the home through one of the previous owners, a connection to the Roosevelt Warm Springs Institute, or the Warm Springs area. The Hardaway Cottage is handicapped accessible. For more information and contacts visit [www.warmspringsvacation.com](http://www.warmspringsvacation.com).
